Workers' Compensation Insurance

INNOVATIVE RISK SOLUTIONS

InLight Risk Management has developed an exclusive program to provide Workers' Compensation solutions for businesses within the healthcare industry. Leaders in the insurance industry will deliver exceptional service to you while focusing on lowering your **"total cost of risk"**.

Highlights of the Workers' Compensation Program Include:

- **Highly competitive rates/pricing**
- **Coverage provided by the second largest workers' compensation carrier in the United States. They provide scale and expertise, infrastructure, resources and service. By applying both the carrier's and InLight's proactive, outcome-focused program, you will have access to:**
 - **Proven strategies to manage and control medical costs**
 - **Specialized fraud investigation units and legal teams**
 - **Focused return-to-work programs for employees**
 - **Renown loss prevention services**
- **A.M. Best - rated A (Excellent)**
- **Guaranteed Cost and Loss Sensitive programs available**
- **Premium payment plans available**

**For more detailed information,
